

NATIONWIDE PROACCOUNT®

Choose Confidence

When it comes to your Florida Deferred Compensation account, there are many things to keep track of, and you may have more immediate concerns than retirement. Consider Nationwide ProAccount, the Plan's managed account service, if you don't have the time or confidence to manage your retirement account. ProAccount is offered by Nationwide Investment Advisors, LLC. There is an annual fee for ProAccount, which is in addition to any management fees, charges or expenses associated with each investment option.

Nationwide ProAccount is offered through Nationwide Investment Advisors, LLC (NIA), who has hired Wilshire as the independent financial expert (IFE) to develop and manage the ProAccount portfolios. With ProAccount you get:

- **Professional investment management** based on age and risk profile
- **Periodic portfolio adjustments** as market conditions change
- **The investment guidance** of Wilshire, a global independent investment consulting firm

You can help ensure the proper management of your account by contacting us if you have changes in your financial situation, investment objectives, or the information has changed from what you provided on the Nationwide ProAccount Risk Tolerance Questionnaire.

If you'd like to be more confident about your retirement investing, consider Nationwide ProAccount. For more information regarding the benefits, fees and risks of ProAccount, call your local Retirement Specialist or at (888) 540-2896.

Investing involves market risk. No investment strategy can guarantee a profit or avoid losses.
